FULL LINE OF
Folding Beds, Parlor Furniture, Carpets, Oilcloths, Beds, Baby Carriages, Mattresses, Parlor and Cook Stoves.
Character is Credit.
Store open 7 a. m. to 5:30 p. m., Saturday and Monday evenings to 9.

CROCKETT'S No. 1 Preservative.
THIS Varnish is especially adapted for use on light colored woods.
Although VERY LIGHT in color, it is sold at a reasonably low price, and will be found a very satisfactory article when used on interior work.
For Bath Rooms, Kitchens, Hospitals and all places where soap or alkalis are used, it will be found especially superior to ordinary varnish. It resists the action of the elements longer than ordinary makes of varnish, and is therefore recommended for interior varnishing.
For sale by
THOMPSON & BELDEN,
395-398 State Street.

BAPTIST MISSIONARY WORK DOINGS IN CONNECTICUT.
A LARGE GATHERING OF LADIES AT CALVARY BAPTIST CHURCH.
An Interesting Meeting—Many Towns Represented—Gratifying Reports of Work in Foreign Mission Fields—Spirited Addresses—Business of the Session.
The twenty-second annual meeting of the Baptist Women's Missionary Society of southwestern Connecticut was held in the basement of Calvary Baptist church yesterday. The meeting was largely attended by ladies from nearly all the cities and towns in this section of the state. It is said to have been one of the largest annual meetings the society has ever held.
Mrs. S. D. Phelps called the meeting to order, and the morning was chiefly spent in organization and reports, together with some discussion of the missionary work being done.
In the secretary's report a letter was read from Miss Clagett, a missionary in Japan, telling of her work there among the Japs and containing cheerful news to the interested helpers at the meeting. Reports were also read from nearly all the circles in this section, and all seem to be in a very flourishing condition. The secretary's report showed that during the past year the society has received \$1,869.38 from various sources, and that the year has been the most prosperous in the history of the society. A recess was taken at 12:30, and a collection was served to the society by the New Haven members. The meeting reconvened at 1:30, and the first business was a memorial service in honor of those members who have died during the past year. Among these deceased members are Mrs. Colby of Boston, first president of the society, and Mrs. J. K. Murdoch, also of Boston. After the praise services Mrs. D. Cummins, a returned medical missionary from India, spoke of the condition of that country, especially telling of the servile and lowly condition of the women of that country. She told of how the widows in that country are treated worse than dogs, and are thought to have been some terrible person in their former existence. If a woman bears her husband a baby girl she is greatly abused and insulted, as is also the child. The little girls are betrothed as early as the age of six, and at ten or eleven are expected to take up the duties of a wife and mother.
An exercise was given by four young gentlemen and three young ladies on "The Motive for Missionary Work." Mrs. Potent read a paper at the request of the society telling of the life of Dr. Gordon, late pastor of the Clarendon Baptist church in Boston, and of his work in missionary circles. Dr. Gordon was Mrs. Potent's father, and a resume of his life was particularly interesting to the society as he was very prominent in missionary work.
Solos were also sung by Mrs. Blinn and Miss Florence Loomis. A very interesting and unique part of the program was a recitation by Mrs. Hunt in Hindu costume. The subject, "A Hindu Woman."
Among those present at the meeting were Mrs. J. B. Hoyt of Norwich, Miss F. L. Twiss of Meriden, Mrs. Wheaton of Mystic, Mrs. Francis Wayland, Mrs. J. H. Mason, Mrs. Nichols, Mrs. Potent of New Haven, Mrs. E. C. Sage of Fair Haven.
The officers elected were as follows: President, Mrs. S. D. Phelps; vice presidents, Mrs. P. R. Bliss, Mrs. Henry Stowe, Mrs. George Nicholson; corresponding secretary, Miss Twiss; recording secretary, Miss Fannie B. Atwater; treasurer, Mrs. Aro J. Ward; executive committee, Mrs. Francis Wayland, Mrs. Fairman, Mrs. J. H. Mason, Mrs. E. C. Sage, Mrs. H. K. Trask, Mrs. E. J. Walker, Mrs. P. S. Evans, Mrs. C. W. Husted, Mrs. C. E. Nichols, Chairman.
About 200 members were present, and all seemed pleased with the prosperous condition of the society.

MECHANICS COURSE.
The Lecture To-night by Mr. A. Wurts—Highly Electrical—Interesting Experiments.
Preparations are now being made for the experimental lecture to be given by Mr. A. J. Wurts this evening in North Sheffield hall. Mr. Wurts, who is connected with the Westinghouse Electric company at Pittsburg, is the inventor of a very ingenious and remarkable lightning arrester which is intended to protect the wires of trolley companies and electric light companies against lightning, and his lecture, which is to be the fifth in the Mechanics course, is to treat of the general subject of lightning arresters.
In order to make the necessary experiments before the audience it is necessary to have electrical currents of unusually great power. Through the courtesy of Mr. Pond of the Winchester Avenue Railway company, and Mr. English of the New Haven Electric company, connections have been made with the trolley and electric light wires, and currents introduced directly into the building. Though Mr. Wurts' experiments will be of a novel and startling nature, it is stated that there is absolutely no danger connected with them, so that those who attend need feel no anxiety, even when a thousand volt current is handled in their presence.
Tickets for the Mechanics course, of which eight lectures remain to be given, as well as single admission tickets, may be obtained at the door.
Company is Now Incorporated.
Articles of Incorporation of the Kickapoo Indian Medicine company were filed with Town Clerk Brethauer yesterday afternoon. The company succeeds Healy & Bigelow. The capital stock of the new company is \$72,000, divided into 720 shares of \$100 each. The stock is held as follows: 360 shares by Charles Bigelow of this city, 180 shares by Louis S. Davis of Northampton, Mass., and 180 shares by James K. Averill of New York city.
Weekly Payrolls Approved.
At the weekly meeting of the board of finance yesterday afternoon the payrolls of the several departments of the city government were approved as follows: Police \$2,946.20, fire \$1,708.37, public works \$1,035.28, and health \$114.

DOINGS IN CONNECTICUT.
A Well Known Clairvoyant—An Ancient Book—An Animal Freak—Officers Elected—Young People's Union of the Methodist Church—Pastor of St. Andrew's, New Haven, Chosen President—Addresses by Rev. A. D. Vall and Rev. A. J. Sault—New England Factors.
Mrs. Harriet L. Stanton, relict of the late Samuel B. Stanton of Scotland, who died on the 21st instant, at the age of eighty years, was widely known throughout eastern Connecticut as a clairvoyant. Her only, Robert F. Stanton, resides on the homestead.
The friends of Deacon George Herbert Allen of Hamden takes place Saturday afternoon at 1:30 o'clock. Mr. Allen had been ill for the past four weeks. His wife, Mary T. Allen, is a sister of Mrs. William H. McKenise of Tracy and Mrs. Seymour E. Hotchkiss of Curtis avenue, Meriden.
Dr. J. L. Gardner has on exhibition in Sholes' pharmacy, New London, perhaps the oldest book in that town, dated 1700. It treats of the painting art, chemistry, palmistry, astrology and other curious and quaint lore.
An animal freak in the shape of a five-legged steer resides in a barn owned by Benjamin B. Katonstein, a Hartford meat dealer, in the rear of his home, 40 Bellevue street. The animal came from Buffalo two weeks ago and is fat and perfectly healthy. The fifth leg grows from the shoulders and hangs down on the left side, reaching nearly to the knees of the perfect legs. It is almost perfect in shape.
Hartford, Feb. 23.—The annual meeting of the Connecticut Mutual Life Insurance company was held yesterday forenoon, General William B. Franklin acting as chairman. A. E. Hart and E. W. Parsons acted as tellers and the old board of directors was re-elected as follows:
Henry C. Robinson, Thomas Slason, Jacob L. Greene, Frank W. Cheney, William B. Franklin, Edward M. Jones, James J. Goodwin, Charles M. Beach, John M. Taylor, James A. Smith, William C. Skinner. The vacancy caused by the death of Director Charles J. Bishop of Boston was not filled. The auditors elected were Edward W. Parson, Herbert White and Charles A. Pease, the latter taking the place of James S. Tryon, deceased. The directors shall elect the officers at another meeting.
New Britain, Feb. 23.—The annual meeting of the Young People's union of the Methodist Episcopal church of New Haven district was held in this city in Trinity Methodist church yesterday. About 250 delegates attended. Rev. E. K. Young gave the address of welcome. The reports were then made and were very encouraging.
The Rev. O. W. Scott had been scheduled for his address, but he was prevented from being present, and the address of Rev. J. H. James of Rockville on "Temperance Work" was delivered. A midday lunch was prepared by the members of the Trinity Christian Endeavor union.
The nominating committee presented the following list of officers, all of whom were unanimously elected: President, the Rev. W. M. Carr of New Haven; first vice president, the Rev. W. H. Kidd of Milford; second vice president, I. J. Strong of Hartford; third vice president, G. E. Hart of West Winsted; fourth vice president, Mrs. E. J. Skinner of New Britain; corresponding secretary, the Rev. E. A. Dent of Windsor; recording secretary, Miss Hattie F. Child of New Britain; treasurer, J. R. Ensign of Simsbury.
The Rev. Dr. A. D. Vall of New Haven gave an address on the evolution of the church which occupied much of the afternoon session. Later the Rev. A. J. Smith of New Haven delivered an illustrated lecture to the juniors.
The New York Times pays New England farmers and farmers these high compliments:
The farming of New England is destined to become the leader and example for the whole of the United States. It has past its first estate as a mere gatherer of the spoils of past centuries of fertility of the soil and is now fast becoming, as that of old England, typical of a new life and modern progress in science and practice. The fact is, as shown by Prof. Sanborn, that the yield of every crop of New England, as well as the stock of farm animals, is on a scale of rapid increase, while in the west the scale is retrograding. The intensive farming of the east is outyielding the extensive farming of the west, and the beginning is now made in both directions in either way. Thus it is that the future will doubtless show a very great revival of agriculture in the east heretofore, with corresponding advantages to the whole community. New England to-day offers the best opportunity of the continent for a poor man to procure a farm home. Here to-day is the most promising opening for capital, for little has to be realized to make the investment a paying one.

AMBITIOUS WOMEN MAKE HEROES OF MEN.
She Will Brave Anything for the Man She Loves.
(SPECIAL TO OUR LADY READERS.)
When an ambitious woman loves a man she will spur him to heroic efforts. She will dare with him the rigors of the frozen North, and encourage him in daring dangers almost unsurmountable.
Women are by nature ambitious according to their physical and mental strength. Hope and ambition come with perfect health, but vanish before sickness and despair.
American women are, unfortunately, particularly subject to those painful female diseases that are the cause of so much hopelessness and misery.
Could all women realize the undeniable fact that they suffer unnecessarily, how much brighter life would be!
Lydia E. Pinkham devoted her life to the study of female diseases and their cause; and she discovered in the Vegetable Compound an absolute remedy. It succeeds in removing the cause of the trouble.
Women who rely more upon their own natural common-sense, rather than on the theories of their physicians, write to Mrs. Pinkham, at Lynn, Mass., and are soon restored to health.
Here is a living example: "Four months ago I was unable to stand on my feet. I had falling of the womb, kidney trouble, and inflammation of the bladder; the backache and bearing-down pains were dreadful. My physician could give me no relief. A friend said, try Lydia E. Pinkham's Vegetable Compound. Well, I did. Oh, if every suffering woman would do the same, they would be cured, cured absolutely and entirely, as I am!" Mrs. Wm. M. Moxet, 20 Seymour St., Pittsfield, Mass.

VIGOR OF MEN
Easily, Quickly, Permanently Restored.
Weakness, Nervousness, Debility, and all the train of evils from early excess or later excess, the result of overwork, sickness, worry, etc. Full strength, development and tone given to every organ and portion of the body. Simple, natural methods. Immediate and permanent relief. Failure impossible. 2,000 references. Book, explanation and proofs mailed (sealed) free.

RAILROADS AND BRIDGES.
THE Committee on Railroads and Bridges will hold a meeting in Room No. 10 and 11, City Hall, on Friday, March 1st, 1895, at 8 p. m., for the purpose of considering the following matters:
Petition and plan of the Manufacturers' Street Railway company of New Haven, for permission to lay a single track in James street from Grand avenue to Chapel street, with all necessary turn outs, curves, switches, and frogs, and for authority to use electricity as a motive power on said track.
Petition of J. E. Healy, et al. for an order to compel the railroad company to locate a flagman at the junction of State, Olive and York streets.
All persons interested in any of the foregoing are hereby notified to appear and be heard thereon without further notice.
Per order, JAMES H. MACDONALD, Chairman.
Attest: EDWARD A. STREET, Assistant City Clerk.

NOTICE TO CONTRACTORS.
SEWER AND MATERIALS
City Engineer's Office, No. 11, City Hall, New Haven, Ct., Feb. 20th, 1895.
SEALED proposals will be received at this office until 8 p. m., March 25th, 1895. For furnishing the cobble stone, Belgian blocks, blue stone curbing, etc., vitrified sewer pipe, sewer castings, granite beds, heads, soil, and the hardware and tools, required by the board of public works for the year 1895. Blank forms of proposal, and any information concerning plans, specifications, bonds, etc., will be furnished upon application. No proposal will be received after the time specified, and all proposals not on the blanks furnished or not properly filled out will be rejected. The right to reject any or all bids is reserved.
By order of the Board of Public Works,
C. W. KELLY, City Engineer.
